Star Trek and History

By Nancy R. Reagin

Turner Publishing Company. Paperback. Book Condition: new. BRAND NEW, Star Trek and History, Nancy R. Reagin, A guide to the history that informs the world of Star Trek --just in time for the next JJ Abrams Star Trek movie For a series set in our future, Star Trek revisits the past constantly. Kirk and Spock battle Nazis, Roman gladiators, and witness the Great Depression. When they’re not doubling back on their own earlier timelines, the crew uses the holodeck to spend time in the American Old West or Victorian England. Alien races have their own complex and fascinating histories, too. The Star Trek universe is a sci-fi imagining of a future world that is rooted in our own human history. Gene Roddenberry created a television show with a new world and new rules in order to comment on social and political issues of the 1960s, from the Vietnam War and race relations to the war on terror and women’s rights. Later Star Trek series and films also grapple with the issues of their own decades: HIV, ecological threats, the collapse of the Soviet Union, and terrorism. How did Uhura spur real-life gender and racial change in the 1960s? Is Kirk...

Real World article (written from a Production point of view). Star Trek and History is an unlicensed reference book that explores the relationship between the then-entire Star Trek body of television and film productions and the real world in all its aspects, ranging from history through science and philosophy to pop culture. Author/Editor Reagin, a history professor holding three academic degrees, was chairwoman of the Department of Women's and Gender Studies at The State University of New Jersey... Itâ€™s fair to say that Star Trek is one of the biggest media franchises in popular culture history â€“ 703 episodes are spread across five series (and thatâ€™s not even counting The Animated Series!), buttressed by 13 feature films (including Star Trek Beyond, which releases today). Given that Trek first debuted on September 8, 1966 and has been running nearly continuously ever since (minus the several-year gaps in production here and there), thatâ€™s a considerable period of time to establish a long, convoluted, and heavily-fleshed-out timeline â€“ not just the events of the 729 hours of content themselves, but also in their backstories, some.
